# Our Region OWL

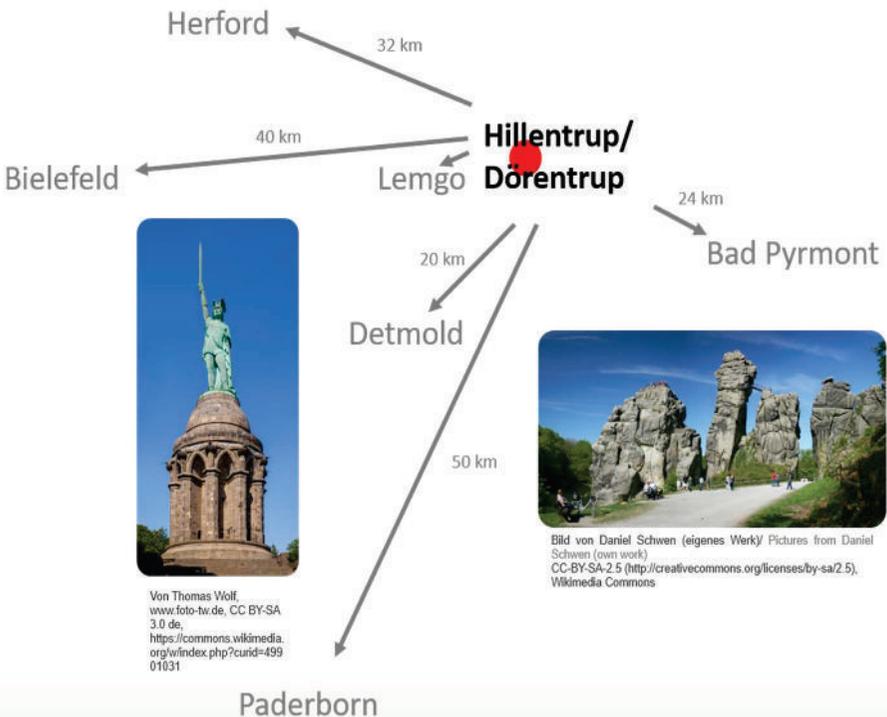

## Ostwestfalen-Lippe

The German Championships Middle Distance 2018 and a national ranking event take place in Hillentrup, part of the Dörentrup village. Situated in the heart of the Lippe region between the river Weser and the Teutoburg Forest you find yourself in a popular hiking destination.

Close-by, just a few kilometers away, is Lemgo, an old Hanseatic city with a well preserved medieval town centre. Here, in the Ostwestfalen-Lippe University of Applied Sciences, the prize-giving will take place.

In the surrounding area you can find the cities of Detmold (ca. 20 km) and Bielefeld (ca. 40 km) as well as many tourist attractions such as Hermannsdenkmal, Externsteine etc.

# Current News

## from the Region

These days, the competitors are not the only people visiting the „Maibolte“. About 20 students from the University of Cardiff/Wales dig at the hill „Piepenkopf“ (part of our map). They are looking for archaeological evidence of settlements from the pre-Roman Iron Age.

More excavations sites are in the vicinity of Detmold. These are preparations for a cooperative research project between a local museum, the University of Cardiff and the University of Bochum. For more information please follow these links:

# Orienteering

## Open Courses

**Orienteering – “What is it?”** Orienteering is an exciting and challenging outdoor sport that exercises mind and body. The aim is to navigate between control points marked on an orienteering map. In competitive orienteering the challenge is to complete the course in the quickest time choosing your own best route.

**Who is it for?** As a recreational activity, it doesn't matter how young, old or fit you are, as you can run or walk making progress at your own pace on the courses planned to suit you. Orienteering is a fulfilling sport for runners and walkers of all ages who want to test themselves mentally as well as physically or who want to add variety to their leisure activities.“

(Citation from: <https://www.britisshorienteering.org.uk>, 7th August 2018)

**Open Courses.** For beginners we offer two open courses (“Direktbahnen“) of different lengths and levels of difficulty:

short & easy (“kurz & leicht“) and medium length & easy (“mittellang & leicht“)

Please register in the competition centre in Dörentrup-Hillentrup (forest sports ground/“Waldsportplatz“).

Registration is open from 10 am to 3 pm on Saturday (first start 12 am) and from 8 am to 12.30 pm on Sunday (first start 9:30 am).

The fees are 8 € per course and have to be paid on the spot. Electronic chip cards can be hired for 2 €, plus 30 € deposit or identity card.

### Course lengths:

Saturday short & easy: 1,9 km, 80 m climb

Saturday medium length & easy: 1,9 km, 90 m climb

Sunday short & easy: 2,4 km, 80 m climb

Sunday Medium length & easy: 2,6 km, 90 m climb

**Important notice!** All maps will be collected on Saturday and handed out on Sunday. In case you cannot collect your map on Sunday please give your postal details to the competition centre. We will be happy to mail the map.

# Directions & Parking

## for Both Days

**Please note that we will be using the same finish area on both competition days (Saturday & Sunday).**

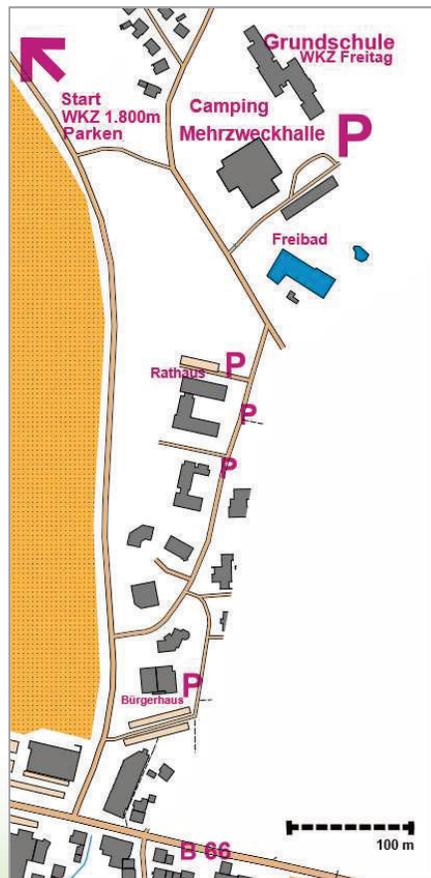

**Directions/Parking.** The signposting starts in Dörentrup from the crossing of the main road B 66/Hauptstraße (towards Hillentrup), as well as from various directions in Hillentrup. The signposting leads to the parking near the finish area (🟠) and has an additional symbol at the junction to the dormitory (🟦). Please follow the instructions of the parking-crew, use the assigned places and do not park in the village.

Important: It is not allowed to park on the main street in Hillentrup!

**Parking fees** will not be collected, but there will be a box for donations. 2 € would be appropriate. Thank you for your cooperation.

We recommend to leave the car near the dormitory and to walk to the CC/finish area.

**Public Transport.** The journey to Hillentrup by bus is severely limited (via Lemgo). For further details see <https://www.doerentrup-lippe.de/Wirtschaft-Verkehr/Buslinien> and [www.owlverkehr.de](http://www.owlverkehr.de)

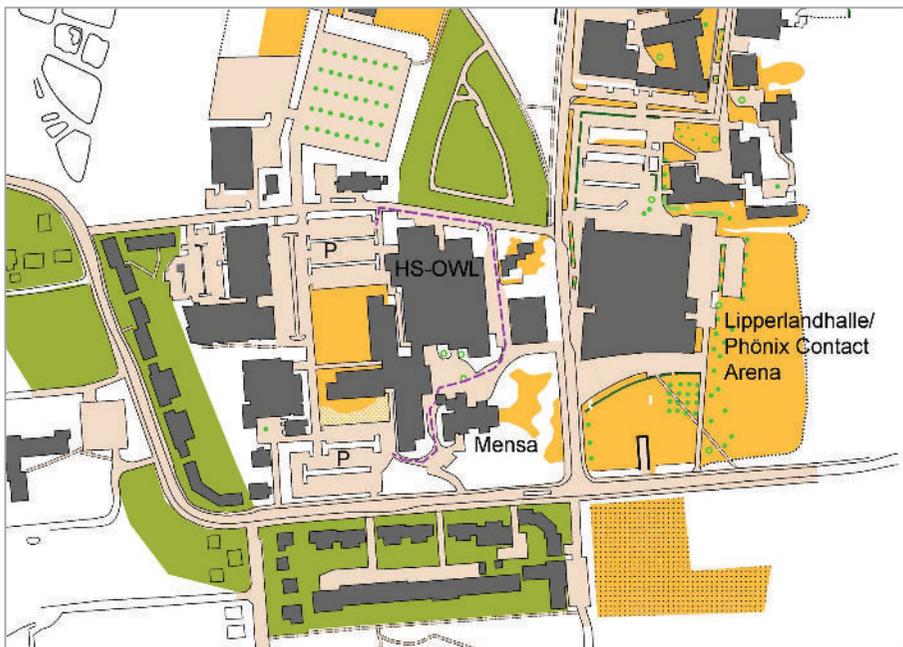

# Directions & Parking

# General Information

## for Both Days

**Entry Fees.** Only valid for international starters!

Women/Men up to 18 years:	8 € for each race
Women/Men from 19 years:	12 € for each race
Open categories:	8 € for each race
Children's O:	free of charge

**Late Entries.** Possible on both days, but within available start times only (additional fee: Women/Men up to 18: 5 €; all others 6 €). Changes of registration are handled as late entries.

**Data Privacy.** Please note that with registration, you agree that your private data such as start lists and results as well as possible pictures or videos will be published.

**Mass Accommodation/Closing times.** The sports hall will be closed on Saturday from 11.00 am to 2.00 p.m. During this period showers are not available. On Sunday the sports hall will be closed from 10.00 am. **Further regulations:** Please keep the dormitory tidy! It is not allowed to wear outdoor shoes or orienteering shoes in the dormitory. Cooking or smoking in the dormitory is prohibited. Please make sure fire escape routes are kept free. You will find a layout for the sleeping quarters and the house rules in the entrance area of the sports hall. They also include regulations how to behave in a case of fire. Lights off on both days: 10.00 pm. to 7.00 am.

**Security/Order.** Strict obedience of the traffic regulations on the streets of Hillentrup, use of traffic lights. Organizers cannot be held liable for any traffic accidents. Attention to security and organizing staff in the dormitories and in the competition area. Throw waste only into the provided containers.

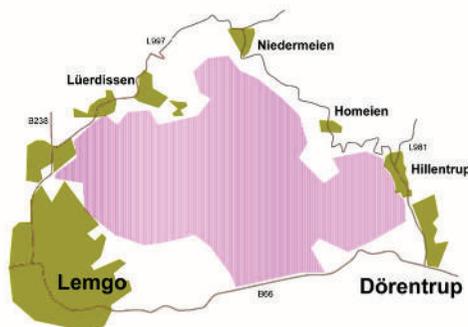

**Insurance.** Participation is at your own risk. Organizers, local authorities or land owners assume no liability.

## for Both Days

**Embargoed Areas.** We refer to the embargoed areas as published on [www.orientierungslauf.de/3/6](http://www.orientierungslauf.de/3/6). **We call upon the fairness of the participants not to get an advantage by sighting the terrain!**

**Who qualifies for the German Championships?** Competitors have to be in possession of a registered German „Startpass“ (see German specifications), all others can take part in the competition, but not become a “German Champion”.

**Punching system.** SportIdent. All generations of SI-cards can be used. SI-Air (contactless mode) is not activated. There will be no back-up for electronic control punches. SI-card rent is 2 € plus a deposit of 30 € (or an identity card).

**Please note that we will be using the same finish area on both competition days (Saturday & Sunday).**

**Start.** On Saturday there will be one start for all categories.

On Sunday there will be two starts (start 1 & start 2). For more details please read the technical information for the national ranking event.

The pre start time for all categories on both days is – 4 minutes. There will be no toilets near the start.

## for Both Days

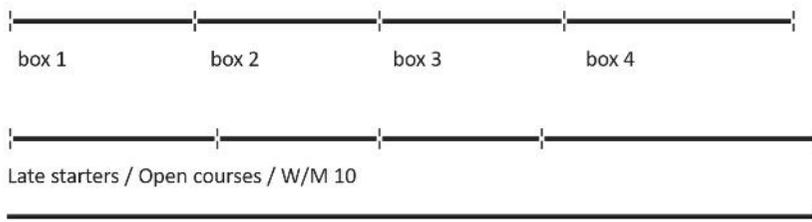

### Start Procedure

There will be 4 startboxes for most of the competitors. A parallel lane is for late starters, open courses and W/M 10 only. The start clock in the pre-start area will be showing the actual start time.

- Box 1: - 4 min, call and clear
- Box 2: - 3 min, pick-up of loose control-descriptions (printed on Pretex, sorted by course) and check
- Box 3: - 2 min, Si-card registration (2nd check)
- Box 4: - 1 min, map pick-up (even course numbers on the right and odd course numbers on the left hand side).  
After the last "beep" follow the marked route to the start-triangle.

Please note that it is the competitor's responsibility to pick up the correct control description and the correct map!

**Arbitration.** The arbitral tribunal is composed of the following people:

- Uwe Dresel, SC Klecken
- Tobias Wolf, OLG Siegerland
- Konrad Tonn, SSV Planeta Radebeul

**Map collection.** All maps will be collected on Saturday (there will be clubbags next to the finish). The maps will be returned on Sunday after the last start. On Sunday maps will not be collected. Be fair!

Thank you for your cooperation

## Competition & Technical Information

**Terrain.** The competition area is in the eastern part of the "Lemgoer Mark "and has hardly ever been used for orienteering. The terrain is undulated with unconformable highs: Some parts are more even, others, especially in the north, are steeper. Some deep valleys may only be crossed on marked passageways (for environmental reasons). The course setting had to be adjusted, so that no out of bounds areas had to be marked on the map. Here stormfront "Friederike" caused little damage and therefore little forestry work during the previous months was necessary.

The tree population consists mostly of beech trees, and the runability is high. Dry ditches, holes and knolls are typical control positions. Distinctive knolls evolved from decayed rootstocks, 1-1,5m high and 2-4m in diameter. In case the indentation of the decayed root is deeper, it is marked as a small depression. If the rootstock is still recognisable it is mapped as a green X.

Some controls are quite close to each other, so we recommend to check the control numbers. Due to ISOM 2017 map and course print are an enlargement of the scale 1:15 000. This means the control diameter is 7,5mm wide on the 1:10 000 scale and 10 mm wide on a 1: 7 500 scale. Therefore control circles overlap sometimes and may be truncated for better readability.

**Spectator control.** For the following classes there is a spectator control after 75-85% of the competition: W/M 18, W/M 20 and Elite classes (W/M). Here, competitors can be observed from the finish area. Incoming competitors have to punch a control at the first part of the finish. Then the lane splits up in two parts: on the left hand side a sharp curve leads back into the forest, whereas the lane on the right hand side leads right to the finish line. On the lane leading back into the forest competitors have to punch a another control, signalling the end of this part.

**Out of bounds area/Competition area.** Please do not leave the marked paths between parking, finish area and start. The area around the sports ground (finish area) is part of the competition area. Therefore leaving the sports ground and the marked paths will lead to disqualification.

**Map collection.** All maps will be collected on Saturday (there will be clubbags next to the finish). The maps will be returned on Sunday after the last start. Thank you for your cooperation.

## Technical Information

### Technical Information

- At Start 1 there is a deep hole next to the map pick-up. It is cordoned off and already visible from "Box -1".
- Changes in the competition area due to forestry work caused by stormfront "Friederike" were updated in the map until three weeks before the event. Currently, there are still clean ups west of the "Maibolte" that could result in unmapped tracks or open areas.
- Areas with many broken trees (due to the stormfront) are mapped with green hatchures (fight!) and many green crosses (roots).
- There are several restricted areas on the map, especially between the two crossing points of the "Maibolte". It is strictly forbidden to cross this little stream!
- Course 18 has a 40m long marked obligatory stretch (W/M 10, Open short&easy).
- For longer courses there are up to 4 refreshment points. Two of them are directly next to the "Maibolte" crossing points. They are only listed in the control description and there is no symbol on the map.
- Control descriptions are printed on the map. Additionally, there are loose control descriptions offered at the start. For the following classes there are control descriptions in written words: W/M 10, W/M 12, Open classes.
- Elite classes (W/M) have two radioed controls, all other courses from start 1 have one radioed control (at the crossing point of the "Maibolte").

# Thank You

We sincerely thank the municipality of Dörentrup with all persons responsible, especially the mayor Mr. Ehlert, the teaching staff of the local primary school "Dörentrup-West", the sports club "TSV Hillentrup", the regional association "Landesverband Lippe", the city of Lemgo with Mr. Meiercord and Mr. Frevert of the local partnership of convenience for their effective support with the organisation and implementation of the German Championships in Middle Distance Orienteering!

A warm thank you to our sponsors for their immense support of this event!

Further we want to thank the following persons:

Stephan Schliebener for the mapping and the help beyond. We could rely on you!

Eike Bruns for supporting this event as "Technical Advisor" in an exemplary manner. You always had good advice for us. Many thanks!

Last but not least we thank all the volunteers from the three organizing orienteering clubs: ASG Teutoburger Wald, Bielefelder TG and OL-Team Lippe. Your willingness to help and your good spirits made this event possible! Many thanks to all of you!
